

1.0 Summary: Utah State Office of Education

The Utah Constitution places the responsibility for the "general control and supervision of the public school system" with the State Board of Education. The Board and its appointed State Superintendent administer the Utah State Office of Education (USOE); Utah State Office of Rehabilitation (USOR); Utah Schools for the Deaf and the Blind (USDB); Minimum School Program (MSP); School Building Program; Child Nutrition (School Lunch Program); Fine Arts and Science; and Educational Contracts.

The following budget for the Utah State Office of Education includes those programs that relate to services and functions provided by the Office itself.

The Analyst recommends \$166,368,700 for the State Office of Education, including \$26,000,500 from the Uniform School Fund. This amount reflects \$156,200 in across-the-board administrative cuts not already discussed by the Subcommittee, partially offset by \$78,200 in increased Federal Mineral Lease income.

2.0 Issues: Utah State Office of Education

2.1 FY 2002 Recurring Reductions

Through supplemental budget action, the Legislature rescinded \$1,955,000 in ongoing Uniform School Funds from the State Office of Education. The State Board of Education was allowed discretion in determining how these cuts would be implemented. The Analyst's FY 2003 base reflects these reductions as if they have been implemented as originally recommended by the Analyst.

2.2 FY 2003 Administrative Savings

The Legislature approved a 10% reduction in certain administrative cost categories as part of FY 2002 Supplemental action. That amount for FY 2002 was pro-rated for time that had already passed. For FY 2003, the full 10% is recommended by the analyst. This is an incremental impact of -\$156,200 in the State Office of Education, partially offset by increased Federal Mineral Lease income of \$78,200.

2.3 Internal Service Fund Rate Impacts

Department of Administrative Services Internal Service Funds (ISF) provide services to the State Office of Education on a reimbursable basis. Each year, the ISFs review rates and adjust them for changing costs. For FY 2003, rate impacts will reduce the State Office's ISF costs by \$39,500. This savings has been accounted for in the Analyst's base.

2.4 Compensation for One More Work Day in FY 2003

The number of work-hours in fiscal year 2003 will be 2088, compared with the 2080 hours budgeted for fiscal year 2002. The cost of that additional day in the State Office of Education is \$45,800 (\$33,000 USF). The Analyst's base includes funding for this extra day.

2.5 Allocation of Prior-Year Market Comparability and Retirement Adjustments

The Legislature provided \$4.6 million in FY 2002 for statewide market comparability adjustments and improved retirement benefits. The appropriation for FY 2002 was centralized, but has been distributed to agencies for FY 2003. The State Office of Education receives an additional \$547,400 in the Analyst's base under this transfer.

2.5 Potential Further Reductions

In response to the Governor's request for FY 2003 Hold-backs, the State Office of Education compiled a list of program reductions and position eliminations totaling \$2,169,500 in potential savings. The Legislature's FY 2002 Supplemental Action utilized some of these items, but, should the subcommittee require funds for other higher-priority items, the State Office's list included additional cuts of \$975,000 in USOE.

3.0 Programs: Utah State Office of Education

3.1 State Board of Education

Recommendation

The Analyst recommends \$1,080,700 for the State Board of Education, including \$830,600 from the Uniform School Fund. This represents a reduction of \$2,453,600 due to anticipated expenditure of nonlapsing balances, adjustments for FY 2002 one-time projects, interagency transfers, and various administrative adjustments as described on page 4.

Purpose

The State Board of Education directs education policy and makes rules governing educational administration. The Board has three standing committees: Curriculum and Instruction; Law and Policy; and Finance. The board also has an audit committee that meets as needed.

The State Board itself consists of 17 board Members along with a secretary/administrative assistant, and an internal auditor. The budget presented here provides for board members' per diem, travel and other expenses, as well as board member and staff salaries.

3.2 Instructional Services

Recommendation

The Analyst recommends a total budget of \$120,259,900 for Instructional Services, of which \$4,180,000 is from the Uniform School Fund. This is a reduction of \$1,964,700 due to elimination of one-time projects, ongoing supplemental reductions, expenditure of nonlapsing balances, decreasing Federal funds, interagency transfers, and various administrative adjustments as described on page 4.

Purpose

The Division of Instructional Services provides leadership and support to local school districts, public and private schools, post-secondary educational instructors, parents, teachers, and educational agencies. It accounts for nearly three-quarters of the State Office's total budget. It assists districts with individual subject planning and curriculum development. It defines, develops, disseminates, and implements Core Curriculum Standards and other curriculum requirements of the State Board or the Legislature. The Division includes specialists in areas such as Math, Science, Arts, Physical Education, and Special Education.

3.3 Agency Support

Recommendation

The Analyst recommends a total budget of \$4,423,400 for Agency Support, of which \$3,899,300 is from the Uniform School Fund. This is a net reduction of \$140,200 due to ongoing supplemental reductions, interagency transfers, and various administrative adjustments as described on page 4.

Purpose

The Division of Planning and Project Services provides leadership and support for local school districts, educators, and other education institutions. It handles teacher licensing, teacher preparation program approval, Utah Performance Assessment System for Students (U-PASS), legal consultation and support, educational equity and training, and fostering the State Strategic Plan within USOE and local school districts. Adult Education and new innovative programs such as charter schools, Goals 2000, and the Schools for the 21st Century are also within the Division's purview.

3.5 Applied Technology Education

Recommendation

The Analyst recommends a total budget of \$15,278,800 for Applied Technology Education, of which \$2,179,000 is from the Uniform School Fund. This is a net reduction of \$506,500 due to elimination of one-time projects, ongoing supplemental reductions, decreasing Federal funds, interagency transfers, and various administrative adjustments as described on page 4.

Purpose

The Applied Technology Education (ATE) Division provides leadership and assistance to school districts and Applied Technology Colleges regarding secondary education. It develops curricula for secondary ATE programs and works with local employers to insure training is relevant to employer needs.

ATE works in concert with the State Board of Applied Technology Education and State Board of Regents in administering ATE across the state.

3.6 District Services

Recommendation

The Analyst recommends \$3,703,800 from the Uniform School Fund for the District Services Block Grant. This is a net increase of \$547,500 due to interagency transfers and various administrative adjustments as described on page 4.

Purpose

The District Services Block Grant, formerly part of the Minimum School Program, includes funding for Staff Development, Regional Service Centers, and Reading Scholarships. Funding for the Superintendent's Contingency Fund, included in this block for FY 2002, was proposed for elimination through Legislative supplemental action.

For FY 2003, the Analyst proposes transferring \$58,600 for Regional Service Center compensation from a separate line-item to this program.

3.7 Regional Service Centers Compensation

Recommendation

The Analyst recommends transferring \$58,600 from this separate line-item to the State Office of Education – District Services program beginning in FY 2003.

Purpose

The State Board of Education Internal Service Fund budget supports the Board's print shop and mailroom. It is financed entirely through Dedicated Credits collected from State Office operating entities.

Under Utah Code Annotated 63-38-3.5, the Internal Service Fund may not bill another program unless the Legislature review's the ISF's budget request and authorizes the ISF's revenue, rates, and FTE. Further, the ISF may not acquire capital unless such acquisition is authorizes by the Legislature.

The Analyst recommends the revenue, capital outlay, and FTE noted above, as well as the following rates:

Printing: \$17.00 per hour labor

.04 per copy

Cost plus 35 percent on printing supplies

Mail Room: Cost plus 25 percent on postage

3.10 Programs: Office of the Superintendent - Indirect Cost Pool

Recommendation

The Analyst recommends revenue of \$3,764,200, authorized capital outlay of \$75,000, 47 Full Time Equivalent (FTE) employees, and the rates shown below for the State Board or Education Indirect Cost Pool (ISF).

Purpose

The Indirect Cost Pool (ICP) funds those programs and individuals who administer the State Office of Education. It supports accounting, budgeting, purchasing, and government liaison functions of USOE. It is not directly funded from Uniform School Funds, but rather takes a proportion of all federal and state funds that support personal services.

Under Utah Code Annotated 63-38-3.5, the Indirect Cost Pool may not bill another program unless the Legislature review's its budget request and authorizes the its revenue, rates, and FTE. Further, the ICP may not acquire capital unless such acquisition is authorizes by the Legislature.

The Analyst recommends the revenue, capital outlay, and FTE noted above, as well as the following rates:

11.1% of personal services supported by restricted funds 14.9% of personal services costs supported by unrestricted funds
